# ACC-A

## Unique Requirements for Theater Business Clearance

### I. PURPOSE AND SCOPE

This guide provides TBC information, guidance and instructions for non-ACC-A Procuring Contracting Officers (PCOs) writing theater support contracts that require contractors to deploy to the Afghanistan Combined Joint Theater of Operations (CJOA).

(a) Theater Business Clearance (TBC).

(1) TBC is a two-phase review process which provides Joint Force Commanders and the ACC-A Commander visibility over all contracts and contractors performing work in their area of responsibility. Phase one review is conducted at pre-solicitation to ensure the solicitation contains the unique and mandatory requirements of the TBC-mandated country for contractors to consider in their submissions. Phase two is conducted just prior to contract award to ensure recent updates and/or changes to mandatory requirements are incorporated in the contract.

(2) TBC facilitates a common operating picture of contracted support in a Joint Operations Area, ensures that solicitations and contracts contain terms and provisions to meet Commanders' requirements, and assures that contractor personnel life support requirements are addressed and coordinated prior to arrival in theater. The importance of complying with the TBC policy cannot be overstated.

### II. APPLICABILITY

(a) TBC procedures apply to non-ACC-A organizations for contracts with performance in or delivery of materials into Afghanistan in the following circumstances:

(1) Contracts with a total value (base and all options) in excess of \$150,000.00 **and** that require contractor personnel to deploy to Afghanistan for a period greater than 30 days. TBC applies even if the primary purpose of the contract is not performance in theater, such as field service representatives in support of program operations;

(2) Contracts that require delivery of material to Afghanistan under Free On Board (FOB) Destination terms using commercial transportation outside the Defense Transportation System; and/or;

(3) Contracts, whether currently being performed or newly awarded that authorize contractor personnel, including subcontractors at all tiers, to carry weapons in Afghanistan, regardless of contract end date.

(4) For contracts that provide government furnished support to contractor personnel, contracting

activities are required to comply with **HCA Bulletin 13-04 REV 2**. This policy requires in-country sponsorship and coordination of **Government Furnished Life Support Validation (GFLSV)** for contractor personnel operating in the Combined Joint Operations Area – Afghanistan (COJA-A). Compliance with this policy requires the following:

- (i) Complete the **GFLSV** form POC information for the following: (1) Requiring Activity Information, (2) In-Country Sponsor Information, and (3) In-Country Contracting Officer's Representative/Contracting Officer Technical Representative/ Government Technical Product Representative (COR/COTR/GTPR) with the requiring activity's signature. A copy of the **HCA Bulletin 13-04 REV 2** and the **GFLSV** form may be found in the "Quick Links" on the Joint Contingency Expeditionary Services (JCXS) launch page, and can easily be downloaded.
- (ii) Submit completed **GFLSV** form along with contract Performance Work Statement (PWS) and justification for requirement, and a copy of contract document to BOS-I/Garrison Commander for approval and signature. Since **GFLSV** is a pre-award process, a draft copy of pre-award contract document may be submitted for review.
- (iii) After the BOS-I/Garrison Commander signature is obtained, the **GFLSV** form(s) will be included in the pre-award TBC request package and submitted through JCXS.
- (iv) The TBC review and approval will take no longer than four (4) business days from receipt of *complete* TBC pre-award package.

(b) GSA

(1) This policy applies ONLY to GSA Contracting Officers acting on behalf of a DoD Requiring Activity. GSA will use the following procedures:

(i) The DoD Requiring Activity will be responsible for submitting and obtaining GFLSV approval and returning to the GSA contracting officer.

(ii) The GSA contracting officer will prepare / submit a manual TBC request form to the designated TBC agent with supporting contract documents and the approved GFLSV form. The current designated TBC Agent for GSA requests is:  
Army Contracting Command- Afghanistan Contracting Operations (CONOPS):  
centcom.bagram.usfor-a.list.acc-a-conops@mail.mil

(iii) The TBC request form for GSA is available on the TBC website attachments and can also be obtained directly from the TBC Manager. The TBC agent will approve and assign a manual TBC approval number for use in SPOT.

**PLEASE BE ADVISED IF GOVERNMENT FURNISHED LIFE SUPPORT IS BEING PROVIDED TO CONTRACTORS, AN APPROVED AND FULLY COORDINATED GFLSV FORM MUST BE SUBMITTED WITH TBC REQUEST IN ORDER TO OBTAIN TBC APPROVAL. TBC SUBMISSION WITHOUT A COMPLETED GFLSV FORM WILL BE RETURNED WITHOUT ACTION.**

TBC approval is required at **BOTH** the pre-solicitation phase and prior to contract award. TBC agents conduct these reviews. The **TBC approval prior to contract award will result in issue of a computer generated number through JCXS. The TBC approval number must** be used to obtain Letter(s) of Authorization (LOA) for the contractor's deploying personnel. An approval number will not be generated for the preliminary TBC. The preliminary TBC approval is not for obtaining LOA - it is only for the contract file and TBC JCXS tracking records.

(a) Contract registration, along with the JCXS assigned **TBC approval number**, should be input into the Synchronized Pre-deployment and Operational Tracker (**SPOT**) system **NLT 15 days** after the Final TBC approval number is assigned and notification provided to the submitting organization. Critical to operational needs is maintaining accountability of contractor personnel in SPOT (such as In Theater Arrival Dates (ITAD) are entered, COR/KO changes, estimated deployment end dates and contractor personnel locations changes, or contractor movement out of Afghanistan takes place). The contractor's company administrator updates these fields, but we are relying on you to emphasize, enforce, and validate that this taking place. Your engagement in this effort is critical to informed decision making and maintaining the accountability and safety of every person on the ground in Afghanistan.

### III. TBC REQUIRED PROVISIONS AND CLAUSES

(a) These are the current mandatory FAR, DFARS and CENTCOM special requirements contract clauses and provisions that are required in solicitations and/or contracts entering the TBC process. (iv) Protect all employees suspected of being victims of or witnesses to prohibited activities, prior to returning to the country from which the employee was recruited, and shall not prevent or hinder the ability of these employees from cooperating fully with Government authorities.

(i) To the size and complexity of the contract; and

(ii) To the nature and scope of the activities to be performed for the Government, including the number of non-United States citizens expected to be employed and the risk that the contract or subcontract will involve services or supplies susceptible to trafficking in persons.

(3) Minimum requirements. The compliance plan must include, at a minimum, the following:

(i) An awareness program to inform contractor employees about the Government's policy prohibiting trafficking-related activities described in paragraph (b) of this clause, the activities prohibited, and the actions that will be taken against the employee for violations. (iii) A recruitment and wage plan that only permits the use of recruitment companies with trained employees, prohibits charging recruitment fees to the employees or potential employees and ensures that wages meet applicable host-country legal requirements or explains any variance.

(iv) A housing plan, if the Contractor or subcontractor intends to provide or arrange housing that ensures that the housing meets host-country housing and safety standards.

(v) Procedures to prevent agents and subcontractors at any tier and at any dollar value from engaging in trafficking in persons (including activities in paragraph (b) of this clause) and to monitor, detect, and terminate any agents, subcontracts, or subcontractor employees that have engaged in such activities.

(4) Posting.

(i) The Contractor shall post the relevant contents of the compliance plan, no later than the initiation of contract performance, at the workplace (unless the work is to be performed in the field or not in a fixed location) and on the Contractor's Web site (if one is maintained). If posting at the workplace or on the Web site is impracticable, the Contractor shall provide the relevant contents of the compliance plan to each worker in writing.

(ii) The Contractor shall provide the compliance plan to the Contracting Officer upon request.

(5) Certification. Annually after receiving an award, the Contractor shall submit a certification to the Contracting Officer that-

(i) It has implemented a compliance plan to prevent any prohibited activities identified at paragraph (b) of this clause and to monitor, detect, and terminate any agent, subcontract or subcontractor employee engaging in prohibited activities; and

(ii) After having conducted due diligence, either-

(A) To the best of the Contractor's knowledge and belief, neither it nor any of its agents, subcontractors, or their agents is engaged in any such activities; or

(B) If abuses relating to any of the prohibited activities identified in paragraph (b) of this clause have been found, the Contractor or subcontractor has taken the appropriate remedial and referral actions.

(i) Subcontracts.

(1) The Contractor shall include the substance of this clause, including this paragraph (i), in all subcontracts and in all contracts with agents. The requirements in paragraph (h) of this clause apply only to any portion of the subcontract that-

(A) Is for supplies, other than commercially available off-the-shelf items, acquired outside the United States, or services to be performed outside the United States; and

(B) Has an estimated value that exceeds \$500,000.

(2) If any subcontractor is required by this clause to submit a certification, the Contractor shall require submission prior to the award of the subcontract and annually thereafter. The certification shall cover the items in paragraph (h) (5) of this clause.

**252.225-7995 Contractor Personnel Performing in the United States Central Command Area of Responsibility. (DEVIATION 2017-00004) (SEP 2017)**

(a) *Definitions.* As used in this clause-

"Combatant Commander" means the Commander of the United States Central Command Area of Responsibility.

"Contractors authorized to accompany the Force," or "CAAF," means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed

Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

"Designated reception site" means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

"Law of war" means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the United States or its individual citizens, including treaties and international agreements to which the United States is a party, and applicable customary international law.

"Non-CAAF" means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

"Subordinate joint force commander" means a sub-unified commander or joint task force commander.

(b) General.

(1) This clause applies to both CAAF and non-CAAF when performing in the United States Central Command (USCENTCOM) Area of Responsibility (AOR).

(2) Contract performance in USCENTCOM AOR may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel authorized to accompany the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because-

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides emergency medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the USCENTCOM AOR. The letter of authorization also will identify any additional authorizations, privileges, or Government

support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the USCENTCOM AOR under this contract.

(a) Generally, the Contractor is responsible for demobilizing all of its personnel and equipment from the Afghanistan Combined Joint Operations Area (CJOA).

(b) *Demobilization plan.* The Contractor shall submit a demobilization plan to the Contracting Officer for approval a minimum of 120 calendar days prior to the end of the current contract performance period or as otherwise directed by the Contracting Officer. Upon acceptance of the demobilization plan by the Contracting Officer, the demobilization plan becomes a material part of the contract and the Contractor agrees to fully perform its demobilization in accordance with that plan. The demobilization plan shall address the items specified in this clause and must demonstrate the Contractor's plans and ability to remove its personnel and equipment from the CJOA and to return Government property no later than 30 days after the expiration of the current period of performance.

(c) *Demobilization plan implementation.* Every 30 calendar days after incorporation of the plan into the contract, or as otherwise directed by the Contracting Officer, the Contractor shall provide written information to the Contracting Officer and Contracting Officer Representative that addresses the Contractor's progress in implementing the plan. The Contractor shall continue to provide the information in the preceding sentence until the Contractor has completely and properly demobilized. If the Contracting Officer or Contracting Officer Representative identifies deficiencies with the plan, as approved, or with the implementation of that plan, the Contractor shall submit a corrective action plan (CAP) to those officials within five calendar days to remedy those deficiencies. The Contracting Officer shall review the CAP within five calendar days to determine whether the CAP is acceptable. Upon approval by the Contracting Officer, the CAP becomes a material part of the demobilization plan.

(d) *Plan contents*

(1) The plan shall identify the method of transportation (air, ground) the Contractor intends to use to remove its personnel and equipment from the CJOA and whether that method of transportation is Government or Contractor-furnished. If Government-furnished transportation is authorized, the

plan must identify the contract term or condition which authorizes Government transportation of the personnel and equipment associated with this contract.

(2) The plan shall identify the number of Contractor personnel to be demobilized by category (U.S. citizens, Third Country Nationals (TCN), Local Nationals (LN)) and, for U.S. and TCN personnel, identify the point of origin or home country to which they will be transported and the timeline for accomplishing that objective. If U.S. or TCN employees have authorization to remain in the CJOA after completion of demobilization, the plan shall identify the name each individual, their nationality, their location in the CJOA, and provide a copy of the authorization. The plan shall also identify whether the Contractor needs the Contracting Officer to extend the Letters of Authorization (LOA) for any Contractor personnel to execute the demobilization plan.

(i) The names of each individual requiring an extension.

(ii) The required extension period.

(iii) The justification for each extension (e.g., the specific function(s) the individual will perform during the demobilization period). The Contractor is not entitled to any additional compensation if LOAs are extended.

(4) The Contractor shall close out their employees deployments with the proper status entered into the Synchronized Pre-Deployment Operational Tracker (SPOT) database (e.g. active, redeployed, no-shows, killed, injured) within 72 hours of their employee's re-deployment and, if applicable, release their personnel in SPOT.

(5) All Contractor equipment that is lost, abandoned or unclaimed personal property that comes into the custody or control of the Government after the demobilization period has ended may be sold or otherwise disposed of in accordance with 10 U.S.C. section 2575. Notwithstanding the previous sentence and the Government's authority under 10 U.S.C. section 2575, the Government may exercise any other contractual rights for the Contractor's failure to perform in accordance with its demobilization plan.

(6) If the Contractor waives its interest to all lost, abandoned or unclaimed personal property, the Contractor may still be liable for all costs incurred by the Government to remove or dispose of the abandoned property.

(7) The Government may dispose of any and all lost, unclaimed, or abandoned personal property in accordance with 10 U.S.C. section 2575.

(8) The Contractor shall return all Government property provided or made available under this contract or through any separate agreement. The Contractor shall report all lost or damaged Government property in accordance with DFARS 52.245-1(h) unless other procedures are identified in the contract or separate agreement. If the Government inspects the property and finds that damages or deficiencies have not been reported by the end of the demobilization period, the Government may reduce payments under the contract by the amounts required to correct the damages or deficiencies or replace the loss.

(9) The Contractor is liable for all cleanup, clearing, and/or environmental remediation expenses incurred by the Government in returning a Government facility to its original condition. If damages or deficiencies are discovered during the inspection of said facility, the Contractor shall make the necessary repairs or corrections and then notify the Installation Mayor, Garrison Commander, or their designees to arrange for a re-inspection of the facility. If the Installation Mayor or Garrison Commander inspects the facility and finds that damages or deficiencies have not been repaired or corrected by the end of the demobilization period, the Government may reduce payments under the contract by the amounts required to correct the damages or deficiencies.

(10) The Contractor shall ensure that all employees, including all subcontractor employees at all tiers, return installation and/or access badges to the local Access Control Badging Office for de-activation and destruction according to the approved demobilization plan. The Contractor shall submit a Badge Termination Report to ensure each record is flagged and the badge is revoked. If an employee's badge is not returned, the Contractor shall submit a Lost, Stolen or Unrecovered Badge Report to the appropriate Access Control Badging Office. Contractor employees in possession of a Common Access Card (CAC) shall be responsible for turning in the CAC upon re-deployment through a CONUS Replacement Center in the United States. (a) This acquisition is covered by the Security and Defense Cooperation Agreement (the Agreement) between the Islamic Republic of Afghanistan and the United States of America signed on September 30, 2014, and entered into force on January 1, 2015.

(b) The Agreement exempts the Department of Defense (DoD), and its contractors and subcontractors (other than those that are Afghan legal entities or residents), from paying any tax or similar charge assessed on activities associated with this contract within Afghanistan. The Agreement also exempts the acquisition, importation, exportation, reexportation, transportation, and use of supplies and services in Afghanistan, by or on behalf of DoD, from any taxes, customs, duties, fees, or similar charges in Afghanistan.

(c) The Contractor shall exclude any Afghan taxes, customs, duties, fees, or similar charges from the contract price, other than those charged to Afghan legal entities or residents.

(d) The Agreement does not exempt Afghan employees of DoD contractors and subcontractors from Afghan tax laws. To the extent required by Afghan law, the Contractor shall withhold tax from the wages of these employees and remit those payments to the appropriate Afghanistan taxing authority. These withholdings are an individual's liability, not a tax against the Contractor.

(e) The Contractor shall include the substance of this clause, including this paragraph (e), in all subcontracts, including subcontracts for commercial items.

This clause requires all contractor personnel to meet the theater specific medical qualifications established by the Geographic Combatant Commander before deploying to, being granted installation access, or performing work under the resultant contract. In the USCENTCOM Area of Operation (AOR), the required medical screening, immunizations, and vaccinations are specified in the current USCENTCOM individual Protection and Individual Unit Deployment Policy and DoD Instruction (DODI) 3020.41, Operational Contract Support (OCS). \* CAAF is defined as Contractors Authorized to Accompany Forces.

\*\* Applies to US Embassy Life Support in Afghanistan only. See special note below regarding Embassy support.

\*\*\* Afghanistan Life Support. Due to the drawdown of base life support facilities throughout the country, standards will be lowering to an “expeditionary” environment. Expeditionary standards will be base specific, and may include down grading from permanent housing (b-huts, hardened buildings) to temporary tents or other facilities.

\*\*\*\*Check the “DFAC” AND “Government Furnished Meals” boxes if the contractor will have access to the DFAC at no cost. “Government Furnished Meals” (GFM) is defined as meals at no cost to the contractor (e.g., MREs, or meals at the DFAC. If GFM is checked, “DFAC” must also be checked.

Due to drawdown efforts, DFACS may not be operational. Hot meals may drop from three per day to one or none per day. MREs may be substituted for DFAC-provided meals; however, contractors will receive the same meal standards as provided to military and DoD civilian personnel.

\*\*\*\*\*Military Banking indicates “approved use of military finance offices to either obtain an Eagle Cash Card or cash checks.

\*\*\*\*\*Authorized Weapon indicates this is a private security contract requirement and contractor employees, upon approval, will be authorized to carry a weapon. If the service is NOT a private security contract, the checking of this box does NOT authorize weapons for self-defense without the approval of the USFOR-A Commander in accordance with USFOR-A policy. After award, the contractor may request arming for self-defense off a U.S. installation to the Contracting Officer’s Representative and in CAAMS.

SPECIAL NOTE – US Embassy Afghanistan Life Support: The type and amount of support that the U.S. Embassy Mission in Kabul, Afghanistan, provides to contractors, if any, must be coordinated in advance between the U.S. Mission and the contracting agency in accordance with Department of State Foreign Affairs Handbook, 2-FAH-2. Contractors are not authorized to deploy personnel requiring US Mission support prior to receiving clearance from the Contracting Officer.

SPECIAL NOTE ON MILAIR – MILAIR is allowed for the transportation of DoD contractor personnel (US, TCN, LN) as required by their contract and as approved in writing by the Contracting Officer or Contracting Officer Representative. Transportation is also allowed for contractor equipment required to perform the contract when that

equipment travels with the contractor employee (e.g., special radio test equipment, when the contractor is responsible for radio testing or repair)

**CONTRACTOR HEALTH AND SAFETY**  
**(DEC 2011)**

(a) Contractors shall comply with National Electrical Code (NEC) 2008 for repairs and upgrades to existing construction and NEC 2011 standards shall apply for new construction, contract specifications, and MIL Standards/Regulations. All infrastructure to include, but not limited to, living quarters, showers, and restrooms shall be installed and maintained in compliance with these standards and must be properly supported and staffed to ensure perpetual Code compliance, prevent hazards and to quickly correct any hazards to maximize safety of those who use or work at the infrastructure.

(b) For existing employee living quarters the contractor shall provide maintenance, conduct repairs, and perform upgrades in compliance with NEC 2008 standards. For new employee living quarters, the contractor shall provide maintenance, conduct repairs, and make upgrades in compliance with NEC 2011 standards. The government has the authority to enter and inspect contractor employee living quarters at any time to ensure the prime contractor is complying with safety compliance standards.

(c) The contractor shall correct all deficiencies within a reasonable amount of time of becoming aware of the deficiency either by notice from the government or a third party, or by self-discovery of the deficiency by the contractor. Further guidance can be found on:

**COMMODITY SHIPPING INSTRUCTIONS**  
**(AUG 2011)**

(a) **USFOR-A FRAGO 10-200.** United States Forces Afghanistan (USFOR-A) has directed that all shipments into and out of the Combined Joint Operations Area - Afghanistan (CJOA-A) be coordinated through the Defense Transportation System (DTS) in order to expedite the customs clearance process and facilitate the use of in-transit visibility for all cargo in the CJOA-A.

(b) **Information regarding the Defense Transportation System (DTS).** For instructions on shipping commodity items via commercial means using DTS, see the following websites:

(c) **Responsibilities of the vendor carrier representative, shipping expediter, and/or customs broker:**

1. Afghanistan Import Customs Clearance Request Procedures: The carrier, shipping expediter, and/or customs broker is responsible for being knowledgeable about the Afghan Customs Clearance Procedures.

2. Status of Customs Clearance Requests: All inquiries regarding the status of a customs clearance request prior to its submission to Department of Defense (DoD) Customs and after its return to the carrier representative or shipping expediter should be directed to the carrier or shipping agent.

3. Customs Required Documents: The carrier representative or shipping expediter is required to provide the DoD Contracting Officer Representative (COR) with all documentation that will satisfy the requirements of the Government of the Islamic Republic of Afghanistan (GIRoA).

(d) **Required Customs Documents:** Documents must be originals (or copies with a company stamp). Electronic copies or photocopied documents will not be accepted by GIRoA. The carrier

is responsible for checking the current requirements for documentation with the Afghanistan Customs Department (ACD) as specified by the U.S. Embassy Afghanistan's SOP for Customs Clearance Requests Operations (<http://trade.gov/static/AFGCustomsSOP.pdf>) and paragraph 4 below.

1. The U.S. Ambassador Afghanistan diplomatic note guarantees that the U.S. Government (USG) shipments are exempt from Afghanistan Customs duties and taxes. USG shipments do not provide commercial carriers with the authority to unnecessarily delay shipments or holdover shipments in commercial storage lots and warehouses while en route to its final destination. The U.S. Embassy expects that shipments will be expedited as soon as customs clearance paperwork is received from the respective GIRoA officials.

2. Imports: Documentation must list the year, make, model, and color of the commodity, the commodity Identification Number (if applicable) and for vehicles, the Engine Block Number. The following documentation is required for all import shipments:

- a. An original Customs Clearance Request (CCR) prepared by the COR in accordance with Afghanistan customs guidance referenced in paragraph 4 below.
- b. Bills of Lading (for shipments by sea), Airway Bills (for shipments by air) or Commodity Movement Request (CMRs) (for overland shipments). In the consignee block, type in "US Military". This will help the Afghan Customs officials to recognize that the shipment belongs to the US Military and, therefore, the shipment is subject to tax exemption provisions as specified under the current Diplomatic Note or Military Technical Agreement (MTA).
- c. Shipping Invoices.
- d. Packing Lists. Required only if the shipping invoice does not list the cargo.
- e. An Afghan Government Tax Exemption Form (Muaffi Nama) purchased from the Department of Customs and Revenue and prepared in the local language by the carrier representative, shipping agent, or customs broker.
- f. A Diplomatic Note, prepared by DoD Customs, to the Ministry of Foreign Affairs requesting the initiation of customs formalities with the Ministry of Finance, Department of Customs and Exemptions. Please note that DoD Customs is not responsible for registering vehicles.
- g. Commercially-owned equipment such as vehicles, construction machinery or generators that are leased and imported to Afghanistan for the performance of a USG contract may be subject to taxes and duties as determined by GIRoA. If commercially-owned equipment is imported into Afghanistan in a duty-free status, that duty-free status only applies as long as the equipment is under the exclusive use of the USG contract. If the equipment is released at the end of the contract, applicable GIRoA duties and taxes will apply to the owner if the equipment is not exported from Afghanistan or transferred to another USG contract.
- h. USG-owned vehicles must be exported at the conclusion of the project period or transferred to another USG entity. Under certain conditions, the USG may transfer equipment or vehicles to GIRoA.

3. Exports: The following documentation is required for all export shipments:

- a. An original CCR prepared by the COR. If COR is not available, the Contracting Officer (KO) will prepare the CCR.
- b. Invoices.
- c. Packing Lists. Required only if the shipping invoice does not list the cargo.
- d. A Diplomatic Note, prepared by the DoD Customs Cell, to the Ministry of Foreign Affairs requesting the initiation of customs formalities with the Ministry of Finance, Department of Customs and Exemptions.

4. Customs requirements from the GIRoA may change with little notice. For current detailed instructions on customs guidelines in Afghanistan, refer to “The Instruction for Customs Clearance Request (Import/Export) Operations.” In all cases, the carrier is required to obtain a copy of this document, found at the following link: <http://trade.gov/static/AFGCustomsSOP.pdf>

(e) **Point of contact (POC) for customs issues is the USFOR-A Joint Security Office (JSO) J3** at DSN: 318-449-0306 or 449-0302. Commercial to DSN conversion from the United States is (732) 327-5130, choose option #1, and then dial 88-318 followed by your seven-digit DSN number.

**5152.225-5915**  
**CONTRACTOR ACCOUNTABILITY AND PERSONNEL RECOVERY**  
**(JUN 2014)**

(a) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the contractor accepts the risks associated with required contract performance in such operations.

(1) Unaccounted Personnel: It is the expectation of the USG that any contractor brought into Afghanistan for the sole purposes of performance of work on a USG contract must be accounted for at all times by their respective employers. Additionally, contractors who maintain living quarters on a USG base shall verify the location of each of its employees’ living quarters a minimum of once a month. If a DoD contracted employee becomes missing and evidence does not indicate foul play, a Personnel Recovery (PR) event is NOT automatically triggered. Such an event will be treated as an accountability battle drill by the employer’s chain of command or civilian equivalent.

(2) Contractor Responsibilities: The contractor is responsible to take all necessary steps to locate and investigate the unaccounted for employee(s) whereabouts to the maximum extent practicable. To assist in this process, contractors may use the Operational Contracting Support Drawdown Cell as a resource to track or research employee’s last known location and/or to view

LOA's. All missing personnel will be immediately reported to the installation division Personnel Recovery Officer (PRO), Mayor's cell, Military Police Station and/or the Criminal Investigative Division, and the Base Defense Operations Center (BDOC).

(3) Contractor Provided Information: If it is determined that a potential criminal act has occurred, the USD PRO (or USFOR-A Personnel Recovery Division (PRD) with prior coordination) will attempt to validate the missing person's identity through the employer. The contractor shall provide the information to PRD within 12 hours of request. The required information the contractor should keep on file includes but is not limited to: copy of the individuals Letter of Authorization generated by the Synchronized Pre-deployment and Operational Tracker System (SPOT), copy of passport and visas, housing information of where the individual resides such as room number and location, DD Form 93, Record of Emergency Data, copy of badging, and contact information for known friends or associates.

(b) If USFOR-A PRD determines through investigation that the unaccounted personnel have voluntarily left the installation either seeking employment with another contractor or other non-mission related reasons, PRD will notify the contractor. The contractor shall ensure that all government-related documents such as LOA's, visas, etc. are terminated/reconciled appropriately within 24 hours of notification by PRD in accordance with subparagraph (a)(8) of DFARS clause 252.225-7997 entitled "Contractor Demobilization". Contractors who fail to account for their personnel or whose employees create PR events will be held in breach of their contract and face all remedies available to the Contracting Officer.

(c) Contractors shall notify the Contracting Officer, as soon as practicable, whenever employee kidnappings, serious injuries or deaths occur. Report the following information:

Contract Number  
Contract Description & Location  
Company Name

Reporting party:  
Name  
Phone number

(End of Clause)

*Insert Clause 5152.225-5916, Mandatory Eligibility for Installation Access, ONLY in solicitations/resultant contracts “This clause applies to all service contracts with performance in Afghanistan.”*

5152.225-5916

MANDATORY ELIGIBILITY FOR INSTALLATION ACCESS (OCT 2015)

U.S. and Coalition Commanders possess inherent authority to maintain law and order, provide security, and impose discipline necessary to protect the inhabitants of U.S. and/or Coalition installations, U.S. and Coalition personnel operating outside of installations, and U.S. or Coalition-funded developmental projects in Afghanistan. This authority allows commanders to administratively and physically control access to installations and/or project sites, and to bar contractors – including prime contractors, subcontractors at any tier, and any employees, from an installation or site. A commander’s inherent force protection (FP) authority is independent of an agency’s contracting authority, and it may not be superseded by any contractual term or provision.

The prime Contractor/Vendor acknowledges that: submission of a bid, offer, or a proposal; acceptance of contract award of any type; or continuing effort under any contract that includes this clause; requires that the prime Contractor/Vendor, and all subcontractors under any affected contracts be initially eligible – and remain eligible during the entire period of contract performance to include any warrant period – for installation access to a U.S. and/or Coalition installation, regardless of whether the performance will take place on or off a U.S. or Coalition installation.

To be eligible for installation access, Contractors and subcontractors at all tiers are required to register for installation access in the Joint Contingency Contracting System (JCCS) and are responsible for keeping the information in the this system updated at all times. Prime Contractors and subcontractors at any tier may verify their registration at <https://www.jccs.gov/jccscoe/> by selecting the “Vendors Login” module and logging in with their user name and password. The offeror must be registered, approved, and eligible for installation access prior to award, and remain eligible for installation access for the life of the contract.

The offeror is required to submit a listing of all proposed subcontractors , at all tiers, to the contracting officer with the submission of the proposal, and provide updates during the life of the contract when subcontractors are added or removed. If no subcontractors are expected to perform during the life of the contract, the offeror must submit a negative response to the Contracting Officer with its proposal. After award, the prime contractor must submit a negative response to the contracting officer at the beginning of each performance period.

Failure to be approved in JCCS – and thereby be eligible for installation access at the Prime and subcontractor levels – or failure to inform the contracting officer of the names of all prospective subcontractors (or provide a negative reply), may render the offerors/contractor ineligible for award or continued performance. Additionally, any firm that is declared ineligible for installation access will be deemed non-responsible until such time as that firm is again deemed eligible by the appropriate access approval authority.

Installation access determinations arise from the Combatant Commander’s inherent authority and are separate and distinct from any law, regulation, or policy regarding suspension and debarment authority. Contractor queries or requests for reconsideration related to U.S. or Coalition installation base access eligibility must be directed to the authority responsible for base access decisions.

(End of Clause)

Insert clause 5152.236-5900, Electrical and Structural Building Standards for Construction Projects, in all construction contracts, including minor construction, renovation, alteration, and refurbishment contracts with performance in Afghanistan. This clause is not applicable to service contracts. This clause must be in FULL TEXT.

5152.236-5900

**ELECTRICAL AND STRUCTURAL BUILDING STANDARDS FOR CONSTRUCTION PROJECTS  
(DEC 2011)**

The standards set forth herein are the minimum requirements for the contract. These standards must be followed unless a more stringent standard is specifically included. In such case the most stringent standard shall be required for contract acceptance.

The contractor, in coordination with the Contracting Officer, Base Camp Mayor, Base/Unit Engineers, and requiring activity shall evaluate, upgrade, build, and/or refurbish buildings to a safe and livable condition. This work may include refurbishment, construction, alterations, and upgrades. All work shall be in accordance with accepted standards of quality.

As dictated by the Unified Facilities Criteria (UFC) the contract shall meet:

“the minimum requirements of United States’ National Fire Protection Association (NFPA) 70, 2011 National Electrical Code (NEC) for new construction  
2008 National Electrical Code (NEC) for repairs and upgrades to existing construction  
American National Standards Institute (ANSI) C2, and  
United States’ National Electrical Safety Code (NESC).

These standards must be met when it is reasonable to do so with available materials. When conditions dictate deviation apply British Standard (BS 7671, Edition 17 defacto standard for 50 HZ installations). Any deviations from the above necessary to reflect market conditions, shall receive prior written approval from a qualified engineer and the Contracting Officer.

The following internet links provide access to some of these standards:

## **Additional Information**

### **CRC**

Upon contract award the Contractor will coordinate with CRC reservations for in-bound personnel (see: <https://home.army.mil/bliss/index.php/units-tenants/crc>).

All US personnel shall report to the Continental US (CONUS) Replacement Center (CRC) at Ft. Bliss, Texas (or a DoD-approved equivalent process), for processing.

All OCN personnel shall process through a DoD approved Non-CRC deployment center.

Due to COVID-19 restrictions, US Military, DoD Civilians and DoD-Sponsored Contractors must undergo a mandatory 14-day Restriction of Movement (ROM) prior to deployment/travel to the CENTCOM AOR. Contractor must also adhere to the CONUS Replacement Center (CRC) Instructions.

### **MEDICAL SCREENING**

The current medical screening, immunization, and vaccination requirements including CENTCOM MOD 15, can be found at the Electronic Foreign Clearance Guide: <https://www.fcg.pentagon.mil/fcg.cfm>.

### **CALL FORWARD PROCESS**

Due to COVID-19 health protection measures and to align with Headquarters Resolute Support (RS) FRAGO 316-04, ALL DoD-Sponsored Contractors entering Afghanistan (Initial or Returning) require a Call Forward Memo signed by the Receiving Base Commander and approved by the United States Forces-Afghanistan (USFOR-A) Chief of Staff. Call Forward Memos can be obtained by following the Senior Contracting Official (SCO) Note for further guidance.

### **VISAs**

DoD sponsored contractors must adhere to established policies and procedures for reception in order to mitigate the risk of COVID-19 until further notice. Necessary visas and approvals to enter final destination must be received prior to requesting theater gateway reservations. For coordinating instructions on theater gateway reception and quarantine reservation in AUAB, contact the OTH-Q Liaison Team at [centcom.al-udeid.usfor-a.mbx.cjoa-a-forward-deployer-notification@mail.mil](mailto:centcom.al-udeid.usfor-a.mbx.cjoa-a-forward-deployer-notification@mail.mil)
